- **Weight:** 1.8 kg

### Power

- Mains power

## Product highlights

### CD playback and wake-up track

### AM/FM tuner

### Large LCD

The large LCD text display guides you through control options with ease, while display backlighting simplifies controlling your complete home entertainment environment in the dark. Stay informed and in control.

### Dual alarm

### Self powered back-up

### Gentle Wake

Start your day right by waking up gently to a gradually escalating alarm volume. Normal alarm sounds with a preset volume are either too low to wake you up or are so uncomfortably loud that you are rudely jolted awake. Choose to wake up to your favorite music, radio station or buzzer alarm. Gentle wake's alarm volume gradually increases from subtly low to reasonably high in order to gently rouse you.

### Sleep Timer

Sleep Timer lets you decide how long you want to listen to music or a radio station of your choice before falling asleep. Simply set a time limit (up to 1 hour) and choose a CD or radio station to listen to while you drift off to sleep. The set will continue to play for the selected duration and then automatically switch off to a power-efficient, silent stand-by mode. Sleep Timer lets you fall asleep to your favorite CD or radio DJ without counting sheep or worrying about wasting power.

### Repeat alarm
